

# Fees for certification of microgeneration installers

The prices below are valid from 1<sup>st</sup> July 2009 until further notice

This fee sheet gives prices for several assessments conducted under one application and processed as a single assessment event (which could be several visits, but will be certificated as one activity).

Microgeneration Certification Scheme (MCS) MCS Technologies available for certification are: solar photovoltaic, wind turbines, solar thermal, heat pumps and biomass. Competent Persons Schemes (CPS) Registrations available if included with MCS assessments are: electrical (Part P) and heating (appliances and hot water).

Companies with more than 10 employees, multiple offices, or working outside the UK should contact NAPIT for a quotation.

## NAPIT Scheme Membership Fees (£)

NAPIT Assessments	Initial Registration & Certification	Annual Membership Renewal	Important note for existing NAPIT Members
One MCS Technology	480	360	Existing NAPIT Competent Persons Scheme Members will not be charged Initial fees for MCS, but will pay the lower MCS Annual fee on application.
Two MCS Technologies	660	540	
Three MCS Technologies	900	780	
Four MCS Technologies	1140	1020	
Five MCS Technologies	1380	1260	
One CPS Registration	150	150	
Both CPS Registrations	240	240	

Initial fees include initial assessment and the first year of scheme membership. Annual renewal fees include routine annual surveillance.
