Important Notes:

1. The supplementary forms indicate that the estimated assessments are based on assumptions that all items applied for can be assessed on the arranged visit. Where that is not possible additional fees could arise, but this should be identified before the assessment goes ahead.
2. The initial payment only relates to the application, and initial assessment, for certification/registration. Other fees will apply for other activities (for example experienced worker route assessment, reassessment, renewal, work notification, cancelled assessments).
3. If the operative information provided indicates the need for an Experienced Worker Route (EWR) assessment, NAPIT will contact you to discuss the process and fees involved. This is available for heating, ventilation/air conditioning and plumbing operatives.
4. MCS applicants should note that they must join a CTSI Approved Consumer Code Scheme which is not done via NAPIT and incurs additional charges from the Approved Consumer Code Scheme.
