Membership Application form Including Scheme Certification/Registration

IMPORTANT: IF YOU ARE ONLY SEEKING TO APPLY FOR ELECTRICAL WORK USE THE "APPLICATION FORM FOR ELECTRICAL WORK ONLY".

This application form is for companies wishing to receive certification of competence and approval under one or more of the following schemes: NAPIT Membership (in all cases), Competent Person Scheme (CPS), Electrotechnical Assessment Specification Certification (EAS), Electrical Third Party Certification (TPC), Microgeneration Certification Scheme (MCS), Energy Efficiency Scheme (EEM), and TrustMark (TM). This main form should be accompanied by supplementary forms where indicated. There is a separate form for Associate Membership, Corporate Membership, Electrical Duty Holder Membership and Student Membership. This form should not be used for extensions to scope or amendments to details (please use the appropriate form for each of these).

Please Note: Your assessment cannot be arranged until the requested payment, documents and application form have been received and processed. Please fill out this application form in CAPITAL LETTERS using black ink and return with all required supporting documents then email to: applications@napit.org.uk or post to NAPIT Administration Centre, 4th Floor Mill 3, Pleasley Vale Business Park, Mansfield, Nottinghamshire NG19 8RL

If you have any problems filling in this form please contact our Registrations Advisors who will be happy to assist, on 0345 543 0330

- 1. The supplementary forms indicate that the estim ted assessments are based on assumptions th t all items applied for can be assessed on the arranged visit. Where that is not possible additional ees could arise, but this should be identified fore the assessment goes ahead.
- 2. The initial p yment only relates to the application, and initial assessment, for certi ation/ egistration. Other fees will apply for other activitie (for example experienced worker route assessment, reassessment, renewal, work noti ation, cancelled assessments).
- 3. If the operati e information p ovided indicates the need for an Experienced Worker Route (EWR) assessment, NAPIT will contact you to discuss the process and $fees\ involved.\ This\ is\ available\ for\ heatin\ \ ,\ ventil\ \ tion\ \ air\ conditioning\ and\ plumbing\ ope\ \ ati\ \ es.$
- 4. MCS applicants should note that they must join a CTSI Approved Consumer Code Scheme which is not done via NAPIT and incurs additional cha ges from the Approved Consumer Code Scheme.

Microgeneration Work

Microgeneration work can be assessed and certificated to meet the requirements of the following Government* schemes. Please indicate below which schemes you wish to join then complete the scope of assessment table to give more detail about the nature of your work.

Company Name:

| Available Schemes | | | | | |
|-------------------|---|--|--|--|--|
| MCS | Microgeneration Certification Scheme (MCS) giving customers access to incentives such as feed-in-tariffs and renewable heat incentive payments. | | | | |
| CPS | Competent Person Schemes (CPS) allowing self-certification against the Building Regulations in England and Wales. | | | | |
| EEM | Energy Efficiency Measures (EEM) via MCS certification to demonstrate PAS 2030 equivalence and operate under the Energy Company Obligation (ECO). This is done by verifying compliance against MCS 023. To carry out work under ECO, you will also need to be TrustMark registered. | | | | |
| GDI | Green Deal Installer (GDI) , in addition to EEM certification an assessment against the Green Deal Code of Practice allows listing as a green deal participant for carrying out installation work funded with Green Deal finance. | | | | |
| TM | TrustMark is a scheme to help consumers identify a reputable tradesperson. NAPIT Scheme Members doing domestic work are eligible to be listed where relevant as "Solar Panel Installers (PV)" on the TrustMark site. NAPIT understands that the other technologies will be listed in future. | | | | |

CONSUMER CODE SCHEME

MCS001 requires installers to be a member of a TSI Approved Consumer Code Scheme (even where not carrying out work for consumers). This will be required before certification is issued. Please indicate your status below:

| Status | Not yet applied | | Application in progress | | Member of a Code | | |
|---|-----------------|--|-------------------------|-------|------------------|--|--|
| If a member, please tell us which scheme (e.g. RECC/HIES) | | | | Scher | ne Member Number | | |

ASSESSMENT

For microgeneration work assessments will be arranged based on the technologies applied for below. Assessment includes office/systems assessment against MCS001 (plus MCS023 for EEM and/or GDI) and installation work against the installation standards MIS3001-MIS3007 as applicable. Work only applicable to CPS will be assessed against the Minimum Technical Competence document.

Column A is used to identify how many site assessments are needed and column B to determine the detailed scope of certification. It is assumed that all the items in column B will be available to assess competence on the visit (generally the most complex system will be seen). If the visit requires more than one site only those within a 30 minute journey will be valid without further charges.

| Electrical installation work that can be covered within one or more of the above | | CPS | Defined scope electrical installation work | | | |

Operatives

For microgeneration work you do not have to submit operative details with application. In preparing for assessment you will have to comply with MCS025 and provide the information required by that standard.

^{*} Various terms are used by government departments, CPS is "authorised", Green Deal "licensed" and TrustMark "endorsed".
