- Important Notes:**
- The supplementary forms indicate that the estimated assessments are based on assumptions that all items applied for can be assessed on the arranged visit. Where that is not possible additional fees could arise, but this should be identified before the assessment goes ahead.
 - The initial payment only relates to the application, and initial assessment, for certification/ registration. Other fees will apply for other activities (for example experienced worker route assessment, reassessment, renewal, work notification, cancelled assessments).
 - If the operative information provided indicates the need for an Experienced Worker Route (EWR) assessment, NAPIT will contact you to discuss the process and fees involved. This is available for heating, ventilation air conditioning and plumbing operatives.
 - MCS applicants should note that they must join a CTSI Approved Consumer Code Scheme which is not done via NAPIT and incurs additional charges from the Approved Consumer Code Scheme.

Application form V: Ventilation and Air Conditioning Work

Ventilation and air conditioning work can be assessed and certificated to meet the requirements of the following Government* schemes.

Please indicate below which schemes you wish to join then complete the scope of assessment table to give more detail about the nature of your work.

Company Name:	
----------------------	--

Available Schemes		Tick
CPS	Competent Person Schemes (CPS) allowing self-certification against the Building Regulations in England and Wales.	
EEM	Energy Efficiency Measures (EEM) via PAS2030 certification for installing energy efficiency measures including funding initiatives such as Energy Company Obligation (ECO).	
GDI	Green Deal Installer (GDI) , in addition to EEM certification an assessment against the Green Deal Code of Practice allows listing as a green deal participant for carrying out installation work funded with Green Deal finance.	
TM	TrustMark is a scheme to help consumers identify reputable tradesmen. NAPIT Scheme Members doing domestic work are eligible to be listed where relevant as “Air Conditioning Engineer” on the TrustMark site.	

ASSESSMENT

For ventilation and air conditioning work, assessments will be arranged based on the scopes applied for below. Assessment includes competence and installation work against the Minimum Technical Competence document. Where the scope includes EEM work assessments will be assessed against the standard PAS2030.

Column A is used to identify how many site assessments are needed and column B to determine the detailed scope of certification. It is assumed that all the items in column B will be available to assess competence on the visit (generally the most complex system will be seen). If the visit requires more than one site only those within a 30 minute journey will be valid without further charges. If the visit requires more than one site only those within a 30 minute journey will be valid without further charges.
